www.missancomputer.com

OUR COMMITMENT TO EXCELLENCE

ABOUT US

Established in 2003, Missan IT Solutions has been a trusted partner in delivering leading-edge IT services across the Middle East and beyond. With over two decades of experience, we enable businesses of all sizes to achieve their digital transformation goals through tailored, innovative, and secure IT solutions. Our stellar track record includes:

- Over 20 + years of industry expertise
- 250+ active clients across multiple industries
- 10,000+ successful projects implemented
- 3 million satisfied users leveraging our IT services

OUR SERVICES

MANAGED IT SERVICES

All your IT support needs will be thoroughly tracked with real-time access to expert technical support specialists with diverse backgrounds in various IT services.

BUSINESS CONTINUITY SOLUTIONS

We create a tailored backup infrastructure to meet your needs, ensuring your company's data is recoverable anytime, especially during failures or unforeseen disasters.

SYSTEM INTEGRATION SERVICES

Our System Integration Service connects diverse software applications and hardware systems for seamless data flow. This enhances operational efficiency, allowing your business to function cohesively.

ENTERPRISE CONTENT MANAGEMENT

Our Enterprise Content Management (ECM) solutions streamline the organization, storage, and retrieval of digital content, enhancing collaboration and efficiency.

OUR SOLUTIONS

Missan provides innovative solutions that enable businesses through enterprise content management, backup and disaster recovery, IT security, and comprehensive learning management systems, all designed to ensure efficiency and foster growth.

FORTGRID

CLOUD, BACKUP & DR

Fortgrid by Missan provides secure cloud solutions with reliable backup and disaster recovery. We ensure business continuity and data protection across platforms.

DIGITAL MARKETING SERVICES

Increase your clientele with SEO, Social Media Optimization, and Pay-Per-Click advertising on Google and Facebook. Boost your brand visibility, drive targeted traffic, and maximize conversions for business growth.

IT SECURITY

IT security solutions safeguard organizations against cyber threats through proactive monitoring, risk assessment. This approach ensures data integrity and compliance with industry standards.

LEARNING MANAGEMENT SOLUTION

LMS offers a streamlined platform for delivering and tracking employee training and development. It enhances workforce skills through customizable content and robust reporting features.
